### Equine Feeds

Each product in this range has undergone lengthy consultation with our Equine Member Specialist Team, which has allowed us to deliver products and specifications of the highest quality.

By partnering with trusted and experienced manufacturers, we have been able to provide products proven in the marketplace that have been manufactured in accordance with BETA-NOPS and UFAS regulations.

### Product Horse Beet

Pack Size 15Kg

#### Key Product Benefits

- Fast and convenient to prepare - under 10 minutes
- Ideal fibre source for horses/ponies prone to Laminitis
- Suitable for Summer and Winter feeding
- Good source of slow-release energy
- Non-GM
- Can help reduce starch levels in the diet
- Minimal starch
- Molasses free
- Grown by British Farmers

15-month product shelf life

#### Product Specification

DE MJ/kg 12.0%

Protein 9.0%

Fibre 16.5%

Ash 9.0%

Sugar 5%

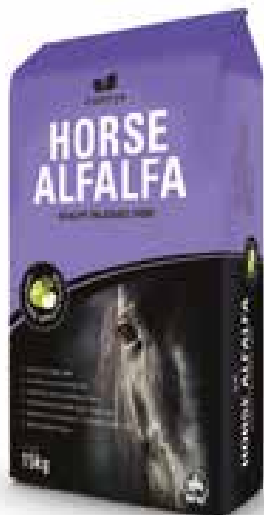

Starch zero

Oil 0.7%

### Product Horse Alfalfa

Pack Size 15kg

#### Key Product Benefits

- Source of high quality fibre
- Molasses free
- Lightly coated in oil
- Inclusion of apple to help to encourage fussy eaters
- Contains British grown alfalfa

#### Product Specification

Crude Protein 14%	Crude Ash 8%
Crude Oil 4%	Sodium 0.1%
Crude Fibre 34%	Sodium Chloride 0.28%
Energy 9.5MJ/kg	

### Product Horse Chaff light

Pack Size 15kg

#### Key Product Benefits

- Contains high quality chopped oat straw
- Dust extracted to help maintain a healthy respiratory system
- Lightly molassed
- Inclusion of Limestone flour provides additional calcium for strong bones and healthy growth
- Pellet form aids in increasing the fibre levels, an essential component in the horse's diet

#### Product Specification

Crude protein 6%	Crude fibre 28.0%
Crude oils & fats 1.2%	Moisture 18.0%
Crude ash 6%	Sodium 0.2%

## Pig Feeds

This project was identified by our Companion Animal Member Specialist Team, who carried out extensive research into the required range.

Working with the support of a number of nutritionist experts, we have been able to deliver a product range with high quality specifications that provides key nutritional requirements at each crucial development stage of the animal.

The Early Grower and Grower / Finisher products are available in pellet form, with the Sow and Weaner available in either Roll or Nut.

## Product Early Grower Pellets

Pack Size 25kg

### Key Product Benefits

- 5-month shelf life
- Complete feed for weaned pigs from 6 to 12 weeks of age

### Product Specification

Protein 17.5%	Fibre 4.5%
Lysine 1.05%	Ash 6%
Oil 4%	

## Product Grower/ Finisher Pellets

Pack Size 25kg

### Key Product Benefits

- 5-month shelf life
- Complete feed for Grower and Finisher pigs from 12 weeks of age or from weaning for traditional breeds

### Product Specification

Protein 17%	Fibre 6%
Lysine 1%	Ash 5.5%
Oil 3%	

## Product Sow and Weaner Roll

Pack Size 25kg

### Key Product Benefits

- 5-month shelf life
- Sow feed for gestation and lactation and for weaned piglets (traditional breeds)

### Product Specification

Protein 16.5%	Fibre 6.5%
Lysine 0.78%	Ash 7%
Oil 4%	

## Product Sow and Weaner Nut

Pack Size 25kg

### Key Product Benefits

- 5-month shelf life
- Sow feed for gestation and lactation and for weaned piglets (traditional breeds)

### Product Specification

Protein 16.5%	Fibre 6.5%
Lysine 0.78%	Ash 7%
Oil 4%	

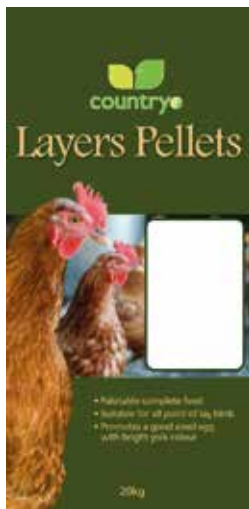

See United Farmers members map for stockist information

### Poultry Feeds

This was another product area undertaken by our Companion Animal Specialist team. The focus of this project was to deliver a premium quality range, in a presentation style that would showcase the products. In particular we believe our Mixed Poultry Corn is one of the best mixes currently available on the market.

### Product Layers Pellets

Pack Size 20kg

#### Key Product Benefits

- 5-month shelf life
- Complete feed for laying hens from 18 weeks of age

#### Product Specification

Protein 18%	Fibre 7%
Methionine 0.4%	Ash 13.5%
Oil 3%	

### Product Layers Mash

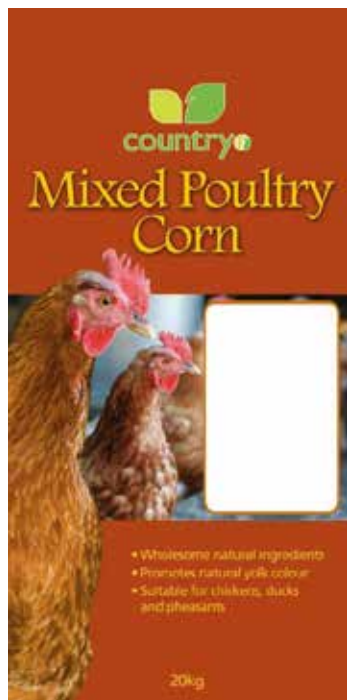

Pack Size 20kg

#### Key Product Benefits

- 5-month shelf life
- Complete feed for laying hens from 18 weeks of age

#### Product Specification

Protein 18%	Fibre 7%
Methionine 0.4%	Ash 13.5%
Oil 3%	

### Product Mixed Poultry Corn

Pack size 20kg

#### Key Product Benefits

- 12-month shelf life
- Suitable for Chickens, Ducks and Pheasants

#### Product Specification

Whole Wheat 54.5%	Oil 3.6%
Cut Maize 45%	Crude Fibre 2.1%
Vegetable Oil 0.5%	Ash 1.4%
Protein 10.5%	

See United Farmers members map for stockist information

### Dog & Cat Food

The Companion Animal team's goal was to deliver an appetizing and tasty feed that provided the important minerals and protein levels required for cats and dogs.

The range includes a variety of dry and wet food to suit both the working animal and domestic pet.

#### Product Active Diet Dog Food

Pack size 15kg

##### Key Product Benefits

- A complete food for working & sporting dogs
- Multi kibble product
- All meats and cereals sourced from the uk
- Supporting uk farming
- Low carbon foot print

##### Product Specification

Crude Protein 24.0%	Inorganic Matter 11.0%
Fat Content 9.0%	Crude Fibre 4.0%.

#### Product Maintenance Diet Dog Food

Pack Size 15kg

##### Key Product Benefits

- A complete food for working & sporting dogs
- Single kibble product
- All meats and cereals sourced from the uk
- Supporting uk farming
- Low carbon foot print

##### Product Specification

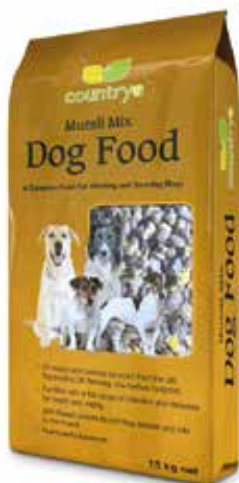

Crude Protein 18.0%	Inorganic Matter 11.0%
Fat Content 7.5%	Crude Fibre 4.0%

## Product Muesli Mix Diet Dog Food

Pack size 15kg

### Key Product Benefits

- A complete food for working & sporting dogs
- Multi kibble product with flaked cereals and delicious coating
- All meats and cereals sourced from the uk
- Supporting uk farming
- Low carbon foot print

### Product Specification

Crude Protein 21.0%	Inorganic Matter 9.0%
Fat Content 10.0.0%	Crude Fibre 3.0%

## Product Meaty Feast Chunks in Jelly

Pack size 1200g

### Key Product Benefits

- A Complete Food for working and sporting dogs
- Pack contains the following: Chicken, Beef, Lamb.
- All products sourced from British Agriculture, Meat and Processors

## Product Meaty Feast Chunks in Jelly

Pack size 400g

### Product Specification

Protein 10.0%	Crude Fibre 1%
Fat Content 6.0%	Moisture 81%
Crude Ash 2.0%	

See United Farmers members map for stockist information

### Product Complete Cat Food

Order Qty Full / Mixed Pallets

#### Key Product Benefits

- A complete and balanced dry cat food for cats of all ages
- A multi coloured ring product with taurine and glucosamine and a rich blend of mixed tocopherols and rosemary extract
- Only contains meat produced in the uk
- Low carbon footprint
- Supporting uk farmers.

#### Product Specification

Crude Protein 28.0%  
Fat Content 10.0%,

Inorganic Matter 11.0%  
Crude Fibre 2.0%

### Product Meaty Feast Chunks in Jelly

Pack size 400g

#### Key Product Benefits

- A Complete Nutritionally Balanced Food
- Pack contains 3 cans of each of the following: Chicken, Beef, Lamb, Fish
- All products sourced from British Agriculture, Meat, and Fish Processors

#### Product Specification

Protein 8.0%  
Fat Content 5.0%  
Crude Ash 2.5%

Crude Fibre 0.5%  
Moisture 81%

## Product Smokie Variety Pack

Pack size 100g

### Key Product Benefits

- Pack consists of 12 x 100g Pouches:  
3 Beef, 3 Chicken and Turkey, 3 Salmon & Shrimp,  
3 Tuna & Cod, all chunks in a delicious sauce.

### Product Specification

Crude Protein 9%

Crude Ash 3%

Crude Fibre 0.8%

Moisture 82%

Oils & Fats 5%

### Iodine

Given the importance of effectively sterilizing the navel of newborn lambs, we have opted for a product that is historically proven in quality and performance, providing the highest strength and results with this 10% BP formulation.

We believe this is a quality product for the drying of lambs' navels and the right product to supply to our farming customers.

**Product** 10% Strong Iodine - 500ML

**Product** 10% Strong Iodine - 1Ltr

**Product** 10% Strong Iodine - 2.5Ltr

**Product** 10% Strong Iodine - 5Ltr

#### Key Product Benefits

- A spirit based superior quality strong iodine with 10% Iodine active. The preferred choice for drying wounds, umbilicals, etc.
- Sizes available: pump spray 500ml, 1 Ltr, 2.5 Ltr, 5 Ltr

**See United Farmers members map for stockist information**

### Lube

This product has been formulated to assist with lambing, calving and artificial insemination. This high quality formulation is non-spermicidal and therefore does not interfere with fertility.

**Product** Superlube - 500ML

**Product** Superlube - 1Ltr

**Product** Superlube - 2.5Ltr

**Product** Superlube - 5Ltr

### Key Product Benefits

- Long lasting lubricating gel which will not dry or flake
- Ideal for obstetric use and pregnancy diagnosis
- Suitable for artificial insemination as a lubricant or to be used as a scanning gel
- Sizes available 500ml, 1 Ltr, 2.5 Ltr, 5 Ltr

**See United Farmers members map for stockist information**

## ANIMAL HEALTH - MINERAL DRENCHES

### Mineral Drenches

Our Animal Health Specialist Team decided to look at this product area as they felt there were too many brands available in the market, which left some farmers unsure as to what products were required. The team's goal was to provide a high standard of chelated minerals at a premium specification for the animal, and we believe that we have achieved that with this range.

We have been delighted with the feedback from customers who have provided testimonials confirming fantastic results when using these products.

Product	Key Product Features
Sheep Vitamin & Mineral Drench 1 Ltr	<ul style="list-style-type: none"><li>• Highly concentrated blend of multivitamins and chelated trace elements</li><li>• Ready to use, free flowing liquid formulation</li><li>• Ensures maximum bioavailability for fertility in ewes and thrive in lambs</li><li>• Ewes - Use at pre-tupping, mid-pregnancy and at lambing. Lambs - Use for store and weaned lambs</li></ul>
Sheep Vitamin & Mineral Drench 2.5 Ltr	
Sheep Vitamin & Mineral Drench 5 Ltr	

#### Composition per litre:

Vit A 12000000iu, Vit D3 3000000iu, Vit E 55000mg, Vit B1 3000mg, Vit B12 12000mcg, Vit K 300mg, Vit B6 800mg, Iodine 12000mg, Biotin 5000mcg, Folic Acid 1250mg, Pantothenic Acid 1250mg, Calcium 2500mg, Cobalt 3000mg, Vit C 1500mg, Nicotinamide 2750mg, Riboflavin 1000mg, Selenite 700mg, Zinc 6500mg, Iron 6000mg, Phosphorus 1000mg, Manganese 3000mg

## Milk Powders

We currently offer two milk powders in the Country UF label. Kalvostart Unique is exclusively available to United Farmers members and cannot be replicated or supplied to any other account in the UK. This third generation milk powder combines whey and casein, helping clot milk in the calf's system. This unique formulation has delivered fantastic results across the board.

Due to the superior quality and unique formulation of Kalvostart Unique we would advise that animals are not substituted or swapped onto any other whey or skim milk powder abruptly. Any change should be slow and mixed over a 10-day period.

## Product Kalvostart Unique

**Pack size** 20kg

### Key Product Benefits

- Optimal ratio premium milk proteins caseinate and whey for high growth and weight gain.
- Enriched with bio-active lactoferrin.
- Contains Imagro® health concept, actively supports a healthy microflora in the intestine and suppresses pathogenic micro-organisms.
- Bucket and machine feeding.
- Once and twice a day feeding.

### Product Specification

Protein 22 %	Calcium 0.63%
Spray dried fat 17%	Vit A 16.000IU/kg
Minerals 8.5%	Vit D3 4.500 IU/kg
Crude fibre 0.0%	Vit E 300 ppm
Lactose 45.5%	Vit C 120 ppm
Lysine 1.89%	

Formula One Calf Milk Powder is a whey based powder with a top end specification that makes it one of the best products available on the market. The inclusion of Imagro provides healthy bacteria which aids digestion.

### Product Formula One Calf Milk Powder

Pack size 20g

#### Key Product Benefits

- Based on premium whey proteins, quick release of nutrients which stimulates roughage and concentrate intake.
- Contains Imagro® health concept, actively supports a healthy microflora in the intestine and suppresses pathogenic micro-organisms.
- Bucket and machine feeding.

#### Product Specification

Protein 22 %	Calcium 0.63%
Spray dried fat 17%	Vit A 16.000IU/kg
Minerals 9.5%	Vit D3 4.500 IU/kg
Crude fibre 0.0%	Vit E 300 ppm

## ANIMAL HEALTH - FREE ACCESS MINERALS

### Free Access Minerals / In-Feed Mix It Minerals

Our Mineral Specialist Team looked to consolidate to a high spec essential range of minerals to suit our customers' needs. The two areas that were identified were Free Access, where animals in the field take the flavoured minerals as they desire, and In Feed Mix-It Minerals, which can be blended with silage or haylage and fed to livestock. The two types of bagged minerals are clearly identified by different coloured bags (Free Access Minerals - Green and In Feed Mix It Minerals - Blue). Both products then identify the type of mineral make up with a unique colored label on the back of the bag. If a farming customer requires an individual specification for their needs, then this can also be produced with a special white label on the bag bearing the customer's name.

All specifications have been formulated by nutritional experts to ensure excellent results.

## Product Free Access Minerals

Pack size 25kg bags

## Mineral Blocks

This range was again investigated by our Mineral Team with the aim of providing a range of high quality products. Working with nutritional experts we have developed a Salt Block, Salt Block with Copper and Trace Mineral Block.

A great alternative to drenches for animals grazing in a field environment and where handling facilities are not readily available, these products have been formulated to support farmers in maintaining healthy animals who reach their optimal growth and reproduction levels.

### Product Salt Block

Order Qty 2x10g

#### Product Specification

Iron as Oxide	720.000	mg/kg
Manganese as Oxide	200.000	mg/kg
Cobalt	80.000	mg/kg
Zinc as Oxide	300.000	mg/kg
Iodine as Iodate	200.000	mg/kg
Selenium as Selenite	10.000	mg/kg
Calcium	0.194	%
Phosphorus	0.237	%
Sodium	38.054	%
Salt	96.000	%
Magnesium	0.310	%
Ash	97.504	%
Acid Insoluble Ash	0.001	%

### Product Extra Trace Block

Order Qty 2x10g

#### Product Specification

Iron as Oxide	250.000	mg/kg
Copper as Sulphate	1750.000	mg/kg
Copper as Optimin	500.000	mg/kg
Manganese as Oxide	500.000	mg/kg
Cobalt as Carbonate	80.000	mg/kg
Zinc as Optimin	100.000	mg/kg
Zinc as Oxide	200.000	mg/kg
Iodine as Iodate	300.000	mg/kg
Selenium as Selenite	15.000	mg/kg
Selenium as Optimin	5.000	mg/kg

### Colostrums

The Animal Health Member Specialist Team looked at various options during this project, before ultimately deciding to go with a proven product that had delivered excellent results in the field and that is popular amongst farmers.

We chose a highly respected manufacturer that has been formulating this colostrum for over 20 years and offers a reliable source of essential elements for new born animals.

Product	Key Product Benefits
Lamb Colostrum - 12 x 50g	<ul style="list-style-type: none"><li>• Contains probiotics which physically exclude harmful pathogens from attaching to the gut wall</li><li>• Fortified with egg powder to supplement the high level of natural colostrum</li><li>• Contains vitamins A, D3 &amp; E to counter common deficiencies in lambs</li><li>• High levels of easy-absorbable energy</li><li>• Formulated to mix easily and sealed in a foil sachet for preservation of nutrients</li></ul>
Lamb Colostrum - 500g	
Lamb Colostrum - 1.25 kg	
Lamb Colostrum - 2.5 kg	

#### Product Specification

Composition: Probiotic (*Enterococcus faecium* 5x10<sup>9</sup> cfu/25g), milk powder, colostrum powder, egg products. Additives per 25g: Vit E 12.5mg, Vit A 1000iu, Vit D3 125iu.

## ANIMAL HEALTH - COLOSTRUMS

### Product

### Key Product Features

Calf Colostrum - 300g

Calf Colostrum - 6 x 300g

Calf Colostrum - 300g bottle

Calf Colostrum - 20x300g

- Contains probiotics which physically exclude harmful pathogens from attaching to the gut wall
- Fortified with egg powder to supplement the high level of natural colostrum
- Contains vitamins A, D3 & E to counter common deficiencies in calves
- High levels of easy-absorbable energy
- Formulated to mix easily and sealed in a foil sachet for preservation of nutrients

### Product Specification

Composition: Probiotic (*Enterococcus faecium*  $2.5 \times 10^9$  cfu/300g), milk powder, colostrum powder, egg products. Additives: Vit A 22500iu, Vit D3 3500iu, Vit E 225mg.

Trace elements: Copper 4.5mg

## ANIMAL HEALTH - LAMBING RANGE

Our Animal Health team worked to combine a number of products into one, providing farmers with a cost effective solution containing all of the requirements for new born animals.

These products have been made available in a number of different presentations such as liquid squirt applicator, capsule, powder and paste. This provides multiple options for the farmer ensuring we have the right product for everyone's needs.

### Product Newborn Lamb 5 in 1 - 100ml

#### Product Specification

- For use at birth, following digestive upsets and at times of stress
- To kickstart and aid new-born lambs
- Convenient size bottle and easy-to-use dispenser
- High levels of available energy
- Added vitamins to aid thriftiness and egg powder for a healthy gut

Composition: Energy, egg products, colostrum powder.  
Additives per 100ml: Vit A 62,500iu, Vit D3 17,500iu, Vit E 250mg, Vit B12 25mg, Vit B3 337.5mg, Vit B1 775mg, Vit B2 162.5mg, Vit B6 125mg, Zinc 100mg, Manganese 17.5mg, Iron 5mg, Iodine 45mg, Cobalt 2.25mg, Selenium 1.1mg.

### Product Twin Lamb 4 in 1 - 500ml

#### Product Specification

- For use at first sign of fatigue and in cases of twin lamb disease
- Formulated for the ewe close to lambing
- High levels of available energy
- Added vitamins and trace elements to counteract deficiencies due to stress of pregnancy
- Appetite stimulants to encourage feeding

Composition: Energy and appetite stimulants.  
Additives per 100ml: Vit A 64,000iu, Vit D 16,000iu, Vit E 700mg, Vit B12 0.312mg, Vit B3 55mg, Zinc 130mg, Manganese 60mg, Iron 60mg, Iodine 100mg.

## ANIMAL HEALTH - NEWBORN RANGE - CALF

### Product

Newborn 5 in 1 Calf  
Paste - 20 x 15g

Newborn 5 in 1 Calf  
Capsules - 24 x 5g

Newborn 5 in 1 Calf  
Powder - 480g

### Key Product Benefits

- For use at birth, bought in calves and at times of stress
- High levels of available energy
- EU registered probiotic and egg powder for a healthy gut
- Added vitamins to aid thriftiness

### Product Specification

Composition: Probiotic (*Enterococcus faecium*  $1 \times 10^9$  cfu/15g), energy, colostrum powder, egg products. Additives per 100g: Vit B1 915mg, Vit B2 15mg, Vit B6 187mg, Vit E 373mg, Vit A 14,000iu, Vit D3 2700iu.

### Product

Newborn Machine Calf  
Powder - 480g

### Qty

12

### Key Product Benefits

- Suitable for use in automatic feeders and manual feeding
- EU registered probiotic for a healthy gut
- Added vitamins to aid thriftiness

### Product Specification

Composition: Probiotic (*Enterococcus Faecium*  $1 \times 10^9$  cfu/2g), energy. Additives per 100g: Vit E 5mg.
