

GREAT GRIP!

Grub's® soles have been designed to give superior grip over a range of surfaces.

TRAX™
(DURAPRENE™ rubber) outsole.

Grip zone - front

Multiple small lugs give maximum purchase as the foot pushes off.

Medial stability lug

Balances the foot as it rolls onto the ball.

Grip zone - heel

Maximum purchase for the heel strike.

Traction

Large lugs to help propel the foot forward.

Lateral stability lug

Balance the foot as it moves forward.

Braking

Prominent heel for downhill braking.

FROSTLINE

Our classic wellington in an exciting colour range
